

Dear parents,

RE: Charlie Mackesy Work

As part of our whole school project aiming to provide a feeling of togetherness as we reintegrate back into school after a year of lockdowns, the children have produced a poster inspired by Charlie Mackesy, his writing and his artwork. This work has now been laminated onto special paper, with a QR code on it. This QR code when scanned will link to our twitter page.

We would love you to share this work with our wider community. We would ask that you leave the work somewhere for someone to find, with a note on it asking the finder to scan the QR code and add a picture on to twitter with the #seethingandmundhamprimary and #charliemackesy, as well as take the work home as a keepsake. You could leave this on the doorstep of a neighbour or friend, leave it in a local shop or on a bench. For safeguarding purposes, I would recommend not putting your child's name on it.

It has been fantastic to see all the children engage with this project, I am excited to share this with the local community.

Many thanks

Iain Hunter
